SUPERINTENDENT'S REPORT:

Mr. Herron welcomed the board members to the new Schoenbrunn Meadows cemetery. He reported that the new office is underway and progressing well. In working with Service Director Ron McAbier, 26 trees have now been planted around the Schoenbrunn Meadows cemetery grounds. A variety of trees were planted that will flower at different times of the year so that there will always be varying colors throughout the cemetery all year long.

Mr. Herron informed the board members that the niche columbariums have been ordered and he is planning to have those delivered to the cemetery as soon as possible. Once the columbariums are delivered then he will begin selling niches. There will be 3 columbariums with 48 niches each; they will be gray with a black marble front. 1000 graves have also been staked out to begin selling as soon as the office is complete.
